Bob Hampel (Hampel Oil)
Larry Mechtley (S & S Oil & Propane)
Michael Murphy (MJ Murphy, LLC)
Harold Taylor (Taylor Oil)
Scot Spellman (Leiszler Oil)

Chairman- Harold Taylor (Taylor Oil)

Vice Chair- Scot Spellman (Leiszler Oil)

- 1) The Authority to Stop and Inspect CMV's- The committee would like to look at legislation to stop Cities and Counties from having the authority to inspect CMV's. They would like it be only State DOT Inspectors. The committee would like KMCA to endorse this move and to work with Bob Alderson to draft a bill.
- 2) Licensing Fees- There were no comments or concerns on the new licensing fees.
- 3) Hazmat Training- The committee would like there to be online training, video conferencing, or a DVD library available for them to do the training. Federated has Hazmat training videos available.
- 4) Product Transfer- The committee stated they did not have problems with actual product transfer but more with the bills of lading and the new products and being inspected with the new products.
- 5) CSA- So far the committee has no problems with CSA itself but with other Federal Regulations such as EOBR's and Log Books.
- 6) No date has been set yet for the next meeting.
